

TOWNS OF LAS VEGAS

BY SPECIAL CORRESPONDENT

Las Vegas, N. M., Sept. 19.—Again there seems prospects coming in the mining situation here. The latest seems positive, and it is in the nature of a 300 ton mill for Teolote. There have been parties here for the past ten days figuring on the situation here, and they are at last convinced that a mill at Teolote would pay, and the incorporation papers are all written out for the formation of a company to do a commercial milling business at Teolote. The people behind the mill are from Colorado, and are at present operating mills in Arizona and Colorado. Their process is a new one. It is a sort of electrical leaching process; iron not being used for precipitating. There will be a couple of local people put in as directors, and one of the Colorado men will move here with his family. This is done to make it possible for a meeting of the directors without waiting for Colorado interests to come down to make a quorum. The company is asking no investments from local people, but there may be a little stock let loose in town if parties want it, but otherwise it is not for sale. It is merely the locating here of another mill by the Colorado Investment company. Those having ore at Teolote, will merely contract to furnish the ore to the company.

The "republican" meeting last night at St. Joseph's hall for the purpose of hearing Margarito Romero air his grievances against everybody in general was fairly well attended by the curious, despite the heavy rain. The chairman of the meeting was Ignacio Esquivel; vice presidents, Benigno Romero and George Chavez, of El Curo; secretary, George Lahade. Margarito was the first up and killed about an hour giving his personal opinion about everybody from the governor down to the assessor. His stomach was evidently in bad order, for his opinions were sour. He also turned loose his mud batteries on Hon. Chas. A. Spies; as fact nothing seemed to suit him, and the only remedy he can see, is to place himself in office; though he modestly avows, in a shy manner, he does not want any office. Rafael Gallegos, George Chavez, Romulo Ulibarri, Blas Ortega and Antonio Lucero also made speeches, taking their cue from the first speaker. No opposition speeches were allowed. It was Mr. Romero's funeral, and none but his pall bearers were allowed to take part.

Hon. Jefferson Reynolds returned last night from his trip over the north-west and Pacific coast. Mr. Reynolds was delighted with Yellowstone park, the trip through there having been made with Mr. Crockett, of this city. He was gone three weeks.

Col. R. E. Twitchell told your correspondent this morning that the season next year would open May 15 with a first class base ball team and a race track, the grounds the property of the citizens of Las Vegas. You can't keep a good man down.

The precipitation of rain yesterday evening up to 6 o'clock was .68 of an inch, and up to 6 this morning .19 more, or a total of .87 of an inch in the last fifteen hours. Everything was afloat last night, water standing everywhere. The ground received a good soaking, and the benefit was incalculable to the country. It is not over yet, either.

Joe Hincell, a printer on the Pittsburg Post, arrived here last evening to visit his brother in law, Robert Gray, of the shops.

Eight naval recruiting officers passed through here last night on route to Albuquerque. They came from La Junta last, and are making a trip over the southwest getting recruits. They will return to Las Vegas December 8 and remain a couple of days, according to their present schedule.

R. T. Hill, of the government geological department, who has been in Colorado and other parts of the west for the past few months, and who has been at hot springs, left today for Santa Fe.

H. D. Nealy, of Topeka, arrived last night to visit his cousin, Mrs. G. W. Sterling.

Mrs. H. H. Funk, of Beverly, Ohio, arrived last night to make a visit with Mrs. James Robbins.

No. 1, carrying twelve cars, last evening did not get in until nearly 8 o'clock. There was a big freight wreck on the Chicago division, and the Santa

Fe had to use about fifty miles of Burlington track to get by. No. 8 got in at 8:15.

Trainmaster C. H. Bristol, of Raton, came down last night to ride the Masonic goat.

It was a splendid rain which began yesterday evening a bit after 4 o'clock and kept it up for several hours. There was only a sprinkle at Watrous, and the heavy rain began about fifteen miles north.

Mrs. Mary Vasse and daughter, Miss Emma, arrived last night on belated No. 1 from Moberly, Mo.

L. C. Curtright, the city marshal, and wife, returned last night from their trip east. Mrs. Curtright visited in La Junta, but Mr. Curtright was as far east as Paris, Mo.

Lloyd U. Dick, who has been visiting his brother, James A. Dick, will return tonight to his home at West Newton, Pa.

Miss Edith Wheeler, daughter of A. O. Wheeler, sustained quite a serious injury to her right eye last night. The globe of an electric light, as it was being lowered, struck on the wire weight, breaking it, and a piece falling struck Miss Edith in the eye, as she was looking up. The sharp edge cut the iris, necessitating an operation. It is not known just yet whether she will lose the sight of her eye or not.

Mrs. Eliza Bourguignon, of Socorro, who has been a patient at the asylum here, is rapidly failing, and death seems near. Her husband has been telegraphed for and is expected at once.

Mr. and Mrs. Hickok, who recently visited here, passed through on No. 1 today en route to Santa Fe from Chicago.

Miss Hazel Bell, daughter of Archie Bell, who was operated on a short time ago for appendicitis, is convalescing nicely.

Master Mechanic Daniel Patterson, at Raton, has sent in his resignation to take effect the first of October. It is probable that he will accept a position on the Denver & Rio Grande. It is not yet known who will succeed Mr. Patterson.

There were 355 paid tickets on No. 1 last evening, and in the six tourist cars there was not even an upper berth. There are excursion rates on from the east.

Miss Van Ardsley, who came over from Santa Fe to attend the Cordon-Crites wedding, will return tomorrow to her home.

The Las Vegas band is figuring on giving a concert and ball in the near future. They will have a number of outside musicians present, and are figuring on a thirty-one piece orchestra. The dance probably will be given at the Casino at the hot springs.

Dave Rosenwald left this afternoon for a whirl among the resorts of Colorado on a two weeks' vacation.

Albert Stern went down to Albuquerque this afternoon to see the sights of the Duke city.

Mrs. L. E. Trainer and children and Mrs. Walter Pratt returned yesterday afternoon from their trip to Los Angeles.

Mrs. E. O'Brien and daughter and Miss Lennie Powers left this afternoon for Topeka and points east.

Benjamin M. Read came over this afternoon from the Capital city and will go out to Mora tomorrow. Joe Dignoe, also of Santa Fe, came up with him, but went on to Trinidad.

B. P. Dodago went over to Santa Fe this afternoon to unload a little pork on the meat eaters of that city.

Las Vegas, N. M., Sept. 20.—Mrs. C. W. Allen came up from El Paso Saturday night for a visit with her friends in the Meadow City. She came by way of Santa Rosa, and says she got fearfully homesick while away.

Mr. and Mrs. Theodore Hockemeyer arrived here yesterday from El Paso. Mrs. Hockemeyer will visit with her parents, Mr. and Mrs. C. A. Rothgeb, while her husband is on the road.

Herman Hilde returned Saturday night from Santa Rosa. He has been visiting his fiancée back in Kansas City, also, for several weeks.

Sidney Rosenwald arrived here this afternoon from Albuquerque for a couple of weeks' visit with relatives.

Capt. W. C. Ried went down to Albuquerque this afternoon on legal business.

Mr. and Mrs. A. Menet left this afternoon for the northern part of the terri-

tory, where they will take in the festivities at Taos the last of this month.

W. M. Lewis returned Saturday evening from his trip to Colorado Springs to attend the meeting of the Western Federal Directors' association. He reports a pleasant time.

W. D. White, wife and boy, of Topeka, Kan., arrived here Saturday night to visit with the family of Joe Miguel. Mrs. White is a sister of Mr. Miguel, and was so unfortunate as to lose a purse on No. 1 containing \$30.

Sol Luna was here a short time Saturday seeing the boys and talking over majorities. He says Los Lunas republicans will do their part.

W. L. Crockett returned Saturday evening from his visit to Spokane, Wash., and other points in the north-west, including the Yellowstone Park.

Harry Lee was here Saturday from Albuquerque seeing the sights of the Meadow City.

F. O. Blood received a telegram Saturday morning announcing the death at Los Lunas of Miss Francis LaMaster, formerly of this city, but now a resident of Los Lunas. Mrs. LaMaster left Las Vegas just a week ago to visit her daughter, to visit her husband, and the daughter was then well. The death was sudden, and the cause is not known. The interment will take place tomorrow at San Marcial.

H. E. Blake has a couple of sacks of ore he brought from the Pecos country. He prospected a couple of weeks and has some of the best specimens of ore that has been seen in the city for some time. There seems to be not only gold and copper in that country, but iron as well, he having some specimens that run as high as 80 per cent iron. Mr. Blake will spend the winter in that country mining. He has located four claims and will locate more later. The claims are about forty miles from this city.

The party given Friday night by Mr. and Mrs. E. L. Browne was a very delightful gathering. There were forty guests present, the amusement of the evening being six-handed euchre, and a merry evening it was. The party was given to celebrate Mr. and Mrs. Browne's sixteenth marriage anniversary. It was given last night because the date this year fell on Sunday. The winners of the prizes were Mrs. Kate Reynolds Dean, first in games for the ladies, and Charles A. Spies first for the gentlemen. Miss Jeanette Richley took the prize for the best decorated table, and delicious refreshments were served.

The government surveyors who had been defining the line between the Mora and Las Vegas grants and the Pecos forest reserve for the past two months, have reported that they found the northwest corner of the Las Vegas grant, which has long been in doubt, and for which some of the owners of land on the grants have offered a reward. The line, if correct, will take a strip off the reserve about two and one-half miles wide and thirty miles long, giving most of that amount to the Mora grant. The surveyors have also been cross-sectioning parts of the reserve for the government.

The initial address of Dr. Lefkowitz at the Hebrew temple Friday night was a splendid one, and the Montefiore congregation is very much pleased with their new rabbi. Dr. Lefkowitz took for his topic, "The Ideal Minister," and spoke for over an hour, giving his conception of the ideal. He is a very forceful talker, eloquent, uses elegant diction and the members are very enthusiastic over their new pastor in general. Next Friday night the doctor will discuss "The Ideal Congregation." There was a large attendance to hear the initial address, and the music furnished by the quartet, composed of Mrs. S. C. Brown, Miss Rothgeb, Charles Kohn and L. R. Allen, was a real treat. Mrs. Charles Kohn presided at the organ with her well known ability.

E. L. Hewett and L. C. Butcher left Friday evening for the Pajarito cliff dwellings, to finish some surveys for Congressman Lacey, of Iowa, who is chairman of the committee on national parks. Guy Gatchel will leave Monday for Topeka, where he will be married on September 24 to Miss Bertha Wiser. He will return here after the wedding and go to housekeeping. He will also return to his duties with the Wells-Fargo company on October 1.

John Florence was in Saturday from Buena Vista, with a load of fruit. Mr. Florence says the Weber estate near him has over 1,000 well loaded apple trees and they expect to get a crop of 150,000 pounds of apples this year. The fruit crop in the entire vicinity is very large.

City Clerk Tamme has just completed the school census of the city. There are 947 children on the east side of school age, or under 21 years. Of the number, are 448 males and 499 females. This is a decrease of twenty-four since last year, less than was expected. There seems to have been a reduction in the school census figures all over the territory in the last couple of years. Mr. Tamme was out twenty days at the work, and had many peculiar experiences. He nearly frightened one fellow to death, who thought he was trying to collect taxes. He did the work in a conscientious manner, he says, and he has every child in the town, from school age up to 21 years. He had considerable trouble to get some people to give the names of their children and it was only by persistent questioning that he accomplished the work so thoroughly.

Judge William J. Mills, Secundino Romero, Hon. Charles A. Spies, L. C. Fort and A. A. Jones returned Friday evening from Raton, to spend a couple of days at home. They will return Sunday night. There was little of importance done in court during the past week, but the Waldo Wade murder

The Farmer's Success Depends Upon Freedom From Disease and Suffering.

PAINE'S CELERY COMPOUND

IS THE MEDICINE THAT HAS MADE THOUSANDS OF COUNTRY TOILERS WELL AND STRONG.

There are thousands of farmers in our land who are rich in broad acres and gold, yet lack that true wealth known as good health.

It is a melancholy fact that men and women in the country districts, breathing the purest air and drinking from God's bubbling fountains and limpid springs, are liable to the same diseases and ailments that come thick and fast to city people. We find rheumatism, neuralgia, debility, dyspepsia, kidney and liver troubles, and blood disease almost as common in the farmer's family as they are in city homes.

Paine's Celery Compound, Heaven's best blessing to the farming community, has done more for the banishment of dread disease and the building up of health than all other combined medicines. Mr. John Zuspan, a prominent and well known farmer of Middleport, Ohio, writes specially for the benefit of sufferers in the rural districts; he says:

"Last November I was so badly crippled up with rheumatism, which came on in June, that I could hardly walk without the aid of crutches or a heavy stick. About the tenth of November I commenced taking Paine's Celery Compound, and after using four bottles I was completely cured, and was able to attend to my usual work as well as when I was 40. I am now 66, and can walk and run as well as a man of 30."

trial is set for Monday, and it promises to be interesting.

Las Vegas, N. M., Sept. 23.—The unionist meeting last night at the Atlatlids Gonzales hall on the west side to hear Emperor Felix orate was attended by nearly 200 natives. Mr. Martinez did not have much to say, only remarks in general, urging the union party to stand pat. He was introduced by E. C. de Baca and spoke for thirty-five minutes, haranguing the crowd, telling them how independent they were and not to be led by any tricks (at least none but his). He referred to the "glorious" Lorenzo Lopez, Eugenio Romero and Juan Jose Herrera as independent men; they being instrumental in the beginning of the unionist party movement some years ago. He also advised all parties to favor statehood and told how bitter a pill he had to swallow when he had to attend the national convention which nominated Cleveland, the autocrat. He said the national democrats always promised statehood before election, but betrayed them after the election was over and they were in power. Emperor Felix may not have had at that time, though how much good advice he was giving those present by telling them to beware of the democrats and their trickery. Mr. Martinez also gave O. A. Larrasola a rub by telling about his antagonism to the union party. Patricio Gonzales, the editor of El Sol de Mayo, got in a snarl about his change of heart, Dictator Felix telling how it grieved his heart to see men who were formerly in the fold now opposing the unionist cause. There was some enthusiasm during Mr. Martinez's speech, but it came mostly from those who had leaned on the bar before the meeting, and they were decidedly numerous. After the first speech music was struck up. Tomas Tafuya, of Placido Largo, Guadalupe county, next talked a few minutes. He was followed by Placido Sandoval, who let off a lot of personal spleen against Governor Otero; it being remembered in connection that Mr. Sandoval was fired out of the cozy berth of public instruction by said governor. Mr. Sandoval has held numerous offices, and evidently wants another from his verbal pyrotechnics last night, evidently wants a nomination again. He got very tiresome before he finished. Apolonia Sosa, of Chaperito, and E. C. de Baca followed in short speeches. Mr. de Baca made reference to the sorehead republicans who were starting to buck against the stone wall. He naturally praised them; what else could he do. George Money had in the meantime taken his place by W. G. Haydon on the platform, who looked very lonesome, and tried once to escape, but was caught. Mr. Money was next called on and Mr. Lucero acted as interpreter, while Mr. Money "squared" himself with the crowd for showing lack of enthusiasm. He said he had gone to bed, but his "conscience" would not permit him gliding off into the arms of Morpheus, but he must come and see the crowd. Since then the reporter has been trying to figure out which conscience was advising right; the one that prompted him to go to bed like a law abiding citizen on Sunday night, or attend a political powwow. Rafael Lucero, Eugenio Romero's mail carrier between Las Vegas and Gallinas Springs, talked a few words. It was then about 10 o'clock and the crowd had dwindled.

There were people out to the Presbyterian church last night who were never there before. The church was packed, chairs having to be brought in to accommodate those present to hear Rev. Skinner preach about "the other

18 per cent." In answer to an article contributed to the Record that \$5 per cent of the people of Las Vegas were in favor of Sunday base ball, Rev. Skinner's discourse dealt in figures somewhat, he endeavoring to prove from the attendance at the game, which he took for granted was the event of the season and everyone who favored Sunday games was there, and the number of the population of the city. His figures were that only 11 1/2 per cent of the people favored the games, by taking the two towns together, and the east side alone, figuring the population at 3,000, 23 1/3 only favored Sunday games. Rev. Skinner was very conservative in his remarks, and presented the religious side of the case very earnestly and eloquently. No names were mentioned in connection with the sermon and he spoke in general.

There was a most harmonious and successful meeting of the republican club Saturday night at the hall back of Buffalo hall. There were about 200 enthusiastic present, and the meeting held until after 11 o'clock. Patricio Gonzales acted as chairman and Cleofes Romero and Filadelfo Baca Garcia as vice presidents, and Teofilo Madrid as secretary. Twenty names were added to the large membership list, and some splendid speeches were made. Hon. Charles A. Spies made the first speech, Secundino Romero acting as interpreter. Mr. Spies' speech was a very able one, and he made the point that a few office holders should not be let to dictate to the party, but that the party should work harmoniously and let the majority rule. Harmony was the spirit of the meeting, and the keynote of all speeches was that what the convention did, all should abide by as patrons and put their shoulder to the wheel and work for the success of the party as a whole, and not with any disgruntled wing of it which might materialize.

Hon. Secundino Romero followed with a red hot speech, in which he did not mince his words, but called in-surrection by its right name and laid the lay off to the disgruntled who are endeavoring to aid the enemy by bolting their regular party, if not actually in league with them in working for the republican party's defeat; and making it worse by doing so under the name of republicanism. Mr. Romero's speech was loudly applauded, and he was in sympathy with his hearers. Zacarias Valdez and Damacio Tafuya also made speeches, as did a few more present, and the meeting was a distinct success.

Frank Manzanarez, Jr., left today for Kansas City with a couple of carloads of sheep for market.

Mrs. Fred Schultz returned today from her trip to Chattanooga, where she went as delegate from the local Ladies' Auxiliary to the Brotherhood of Locomotive Firemen's convention, which convened there the 8th inst.

Dr. Lewis Mettsker, government sanitary inspector for sheep, was here a couple of days and left yesterday for Deming.

Born, yesterday morning, to Mr. and Mrs. W. H. Parnell, a fine nine pound boy.

P. R. Lopez, the shoemaker for C. V. Hedgecock, had the misfortune to break his right leg at Ribera last evening. He was scuffling with some friends, and one of the men fell against the leg, wrenching and breaking the member. He was brought here yesterday on No. 2.

H. Jassoy and wife left today for St. Paul and the northwest on a vacation trip. They will take a hunt while away. Mr. Jassoy is one of the Santa Fe firemen.

Col. R. E. Twitchell left this afternoon on No. 2 for Raton, where he has to fight a railway damage suit. Modesto Tafuya had both his legs cut off and sued the Santa Fe for \$25,000 damages, and the case is called for tomorrow.

Bishop Bourgade, of Santa Fe, passed through on No. 2 today en route to Watrous from the confirmation services yesterday at Ribera, where there were eighty confirmed.

N. P. Sund went down to Albuquerque yesterday on a business trip.

Alex Read has returned to Santa Fe after a short visit to Mora.

Jacob Stern returned yesterday evening from his extended trip to New York City, where he bought goods.

Mrs. Vogel and daughter, Miss Fleming, left today for their home in Omaha, after spending several months in the city for their health.

Word was received here today that the Kohn Brothers, at Moctaya, had been badly beaten up with a six shooter by some tramp a couple of days ago. It is said the boys were so roughly handled that they are not recognizable.

SANTA FE COURT.

In the case of the Territory vs. N. E. Crenshaw, charged with the murder of Edward Hull, called in the district court for Santa Fe county on Friday, the defense closed at noon yesterday.

and yesterday afternoon arguments were had and it was thought by the counsel that the case would certainly go to the jury yesterday evening. Yesterday forenoon the prosecution examined the following witnesses: George Kinsell, Mrs. J. F. Hull, Mrs. Dague and Aleo Reed. And the following witnesses for the defense were heard: Mrs. Giltner, George Porter, Kirby Crenshaw, Mrs. Bailey, George Bailey and Richard Green, Jr.

In the suit of the Territory ex rel. Frank Stapin vs. the Board of County Commissioners, in the district court for Taos county, a writ of mandamus was issued compelling the board to make a levy for \$500 to cover judgment.

Railroad Topics

W. G. Francis, formerly of Albuquerque, and later division storekeeper at Winslow, Ariz., is very seriously ill in the Southern California Railroad hospital at Los Angeles.

The Brotherhood of Locomotive Engineers will, on January 1 next, make a formal demand for an increase of wages. The Brotherhood of Locomotive Engineers is not affiliated in its fight with the Western Federation of Railroad Conductors and Brakemen.

J. B. Hasty, gang foreman for the company at Raton, N. M., was around Topeka shops Friday getting "pointers" on the methods of doing business there. Mr. Hasty used to hold the foremanship of the mechanical plant at Strong City and at Dodge City, besides being employed at Newton.

The scarcity of motive power on the Santa Fe coast line, which is so plainly evident in San Bernardino, has also been observed at Needles. The shopmen are kept busy in their efforts to turn out engines fast enough. A number of old engines at Albuquerque, which have been in idleness for some time, are being refitted for service on the road.

The El Paso & Southwestern have completed laying their rails to within about twenty miles of El Paso, where they were forced to stop on account of being unable to secure material from the eastern mills. However, sufficient material is now on the way to enable them to again start up and continue the work as far as the grading has been completed.

The rumor that the general offices of the El Paso-Rock Island road are to be removed from Alamogordo to El Paso has been pronounced absurd by the officers of the road. The company has just finished a brick office building in Alamogordo for the auditing department and there is no building of the company in El Paso large enough to accommodate the force.

Mechanical Superintendent Schaeffer, of the Santa Fe shops, at Needles, is visiting the Albuquerque shops. It is said that he fell in love with one of two new wrinkles connected with the Santa Fe shops at Albuquerque and will follow their fashion when he returns to the banks of the Colorado. Mr. Schaeffer believes that all strike troubles at the Needles shops have been settled, and that a prosperous winter is before the company and the men.

The San Bernardino Sun says: "There has been a rumor in railroad circles of this city for several days to the effect that Superintendent of Motive Power Henderson, of the Santa Fe, had been asked to resign. Yesterday a railroad man came over from Los Angeles, bringing with him the same story, which he said was current in the company's headquarters in that place. The report cannot be confirmed." Superintendent Henderson was seen today in regard to the statements made in the above paragraph and said: "There is nothing in it. That is the first I have heard about my resignation."

An official confirmation has been received of the transfer of the Seary & Des Arc railroad to the Rock Island, says a Little Rock dispatch. The actual sale was made at the time the Choctaw passed into the hands of the Rock Island. The day before the sale of the Choctaw that road had purchased the Seary & Des Arc and consequently the Rock Island bought a line which had not entered into the negotiations. A circular has been issued naming J. E. Holden as traffic manager and W. W. Wentz, Jr., general manager, both being local Rock Island officials in charge of the Choctaw lines. The road runs from Seary to Des Arc, a distance of twenty-eight miles.

Another Extension.

A prominent official of the Rock Island reached Ardmore, I. T., the other day on a tour of inspection of the recently completed extension of the line from Hartshorne to Ardmore, known as the Choctaw, Oklahoma & Gulf branch, which recently passed into the control of the Rock Island. In the party are: J. W. McLeod, general solicitor; J. W. Molter, chief engineer; Townsite Agents Melish, Milburn and Col. W. H. Bigsby, Chief Clerk J. Fenton Wisdom of the Dawes commission also of the party. Regular passenger service on this extension will be opened October 1. The officials confirmed the report that the road would build from Asher to Dallas, and that a corporation will shortly be formed in Oklahoma for this purpose.

President Leeds, of the Rock Island, will be at the head of the Asher, Tex., line, which will be a short route to the Lone Star state. Two surveys have been made, but it is said that the line will tap Milburn instead of Wapukata and that it will cross the "Friaco at Ada."

The Albuquerque-Durango Survey. The Farmington Times says that the surveyors on the proposed road between here and Albuquerque have not got lost, as some had begun to think, but are working away with a good force and take time and pains to locate the most feasible and practicable route between the two points.

They were seen last week by M. McKenzie and other freighters returning from Albuquerque at a point about twenty-five miles from the top of the divide, and the indications were that they would come down Canyon Gallegos onto the river.

They had a good force of men and were evidently making a very careful survey which certainly indicates that

grading will follow the survey. This is a bit of news that will be appreciated here, for many had begun to believe that the newspaper talk of a few weeks ago was mostly a not all wind.

FAIR NOTES.

Callahan, one of the fast Chicago American League twirlers, who will play with the Albuquerque fair team, turned the Detroit team down at Chicago the other day without a hit.

Miss Estella Lewinson has joined in the race for fair queen. Manager Matson is not quite ready to open the box, but says that Miss Belle Yancy is leading in the contest by some votes.

The Las Cruces Republican says: "Col. Scott Knight, superintendent of the advertising department of the territorial fair, pulled into town with his special car Wednesday and went to work with his able corps of assistants, to bill the place for the coming exhibition."

Territorial fair advertising car No. 3, which arrived from the south Sunday, left last night for the western towns with Scott Knight and assistants in charge. No. 3 will go direct to Ash Fork and do the posting while returning. The towns scheduled are Ash Fork, Williams, Flagstaff, Winslow, Holbrook, Winslow, Gallup and Grants. The trip will require about ten days.

MISS GRACE HAHN.

Letters were received in the city today giving briefly, with no particulars, the marriage of Miss Grace Hahn, daughter of Mr. and Mrs. W. H. Hahn, of this city, to Charles Knudig, a well known young gentleman of Long Branch, New Jersey. The ceremony occurred last Wednesday. Mrs. Hahn, with Miss Grace and the baby, have spent the summer back in the east. They were joined later by Mr. Hahn, and he, after witnessing the ceremony, left for home. He is at present in Kansas, and is expected to arrive in a few days.

Death of Miss Bromberger.

A few minutes after 2 o'clock yesterday afternoon at the St. Joseph's sanitarium occurred the death of Miss Jeannette Bromberger, of Pine Bluff, Ark. The young lady came to Albuquerque a few days ago suffering from a prolonged case of consumption, to which she finally succumbed. The body was removed to O. W. Strong & Sons' undertaking parlors, where it is being prepared for shipment to the home in Arkansas. The deceased's parents are old friends of Mr. and Mrs. J. W. Adams of this city.

Trailing Sheep.

A big band of sheep is now being organized in Union county to be trailed eastward to the corn fields around Wichita, Kansas. The movement comprises between 10,000 and 12,000 head. It is said it was easy to trail sheep any where, but now it is a narrow lane indeed that leads to the feed lots.

Pensions Granted.

The following pensions for New Mexicans have just been granted: Pablo Martinez, Martinez, \$10; Hugh A. Meyer, Fort Bayard, \$10; James L. Smith, Chico Springs, \$12; Frederick B. Schmidt, Lincoln, \$10; Mrs. Corie B. Lyon, Las Cruces, \$8; Gregorio Mondragon, Pintada, \$6; Teodoro Herrera, Sanchez, \$6; Robert Taylor, Las Cruces, \$12; Samuel Porter, Silver City, \$6; Buenaventura Martinez, Cimarron, \$10; Mercedito Martin, Escobedo, \$8.

Boston Wool Market.

Boston, Mass., Sept. 23.—There has been a "lightly better" inquiry in the wool market here this week with satisfactory prices ruling. The extraordinary strong position of fine wool is a feature of the present market. Fine washed fleeces continue especially firm. Fine territories are very firm with prominent holders asking stronger prices, especially where good staple is included. Fine staple territories are quoted at 55¢@60¢; fine and fine medium, 50¢@55¢; medium, 45¢@47¢.

Lincoln County Exhibit.

S. T. Gray, of Captain, N. M., called at the international miners' association office this morning and asked the permission of President Juan Hart to move a portion of the exhibit of minerals which was sent from Lincoln county, to the fair at Albuquerque, October 14. The permission was granted on the condition that the consent of the owners of the specimens could be obtained. Mr. Gray is the vice president of the fair committee from Lincoln county.—News.

District Court.

In the case of United States vs. Andrew Casna, charged with selling liquor to Navajo Indians, which went to the jury late yesterday, the defendant was found not guilty.

A new United States petit jury was impaneled this morning. The case of the United States vs. Barney Gross, of Gallup, charged with selling liquor to Indians, went to the jury at 11 o'clock.

The case of the United States vs. Mrs. Peter Alonzo, charged with same offense, is the next case on the docket.

District Attorney F. W. Clancy says that the territorial grand jury has been very busy, having tried some twenty cases and heard about eighty witnesses. It will finish the present session either tomorrow or Thursday.

A CHANCE IN A LIFE TIME

to invest on the ground floor with owners, in a developed free milling gold mine that has produced, and has expended on it:

FIFTY THOUSAND DOLLARS

In development on the ledge and a complete five-stamp mill, with all other necessary machinery ready to run. The Ozark is not a prospect, but a mine that has produced. We are placing 100,000 shares of development stock at 25¢ per share, capital stock 1,000,000 shares, (par value \$1 each), fully paid and non-assessable, to further develop and put the property on a paying basis.

A property lying near the Ozark, with nowhere as good a showing and very little development, sold last week to a New York syndicate for \$200,000. The Ozark will pay dividends and be worth par inside of six months. This is the best investment for the money that has ever been offered to the investing public.

Do not lose this opportunity. It will never come again. For further particulars, prospectus, report on mine, references, etc., address,

OZARK GOLD MINING & MILLING CO.,
MOSCOW, IDAHO.
